Jan 05, 2024

About the Role

We are seeking an experienced and passionate Senior Mathematics Teacher to lead our high school mathematics department. The ideal candidate will be responsible for delivering high-quality instruction in advanced algebra, calculus, and statistics, while mentoring junior faculty and developing innovative curricula that prepare students for competitive university entrance exams.

Responsibilities

- 

Develop and implement comprehensive lesson plans for Further Mathematics and Advanced Placement courses.
- 

Utilize digital educational tools and interactive teaching methods to enhance student engagement.
- 

Assess and monitor student progress, providing detailed feedback and personalized support.
- 

Collaborate with the curriculum development team to align academic goals with international standards.

Requirements

- 5+ years of teaching experience
- Expertise in WAEC/IGCSE curriculum
- Strong classroom management skills
- Proficiency in Google Classroom

Qualifications

- M.Ed or B.Ed in Mathematics
- TRCN Registration (Compulsory)
- Relevant Subject Certifications

Benefits

- Comprehensive Health Insurance
- Housing Allowance
- Professional Deelopment fund
- Staff Child Tuition Discount
