Privacy & Profile Visibility

Manage how schools and recruiters can see your professional profile and application information on Staffroom.

Profile Discoverability

When enabled, verified schools and recruiters can find your profile when searching for candidates. This increases your chances of being headhunted for relevant roles.

Status: Visible to Schools. Your profile is currently active in the candidate pool.

Application Data

When you apply for a job, employers receive a snapshot of your profile as it appears at the time of application.
